By submitting this form, you acknowledge and accept the 'Terms of Service' and 'Conditions of Sale' on our website. You should always read the fine print. Remember, your Dropbox link will remain active for three months, but forgetting is easy, so download promptly. The same applies to negatives. If they find themselves in deep storage, a \$75 retrieval fee we call 'The Necessary Evil' is due within 14 days. Fun fact: the love of my life said she'd leave me if I didn't stop shooting film. Now I have extra wardrobe space for my negs. Away from negativity, please remember, that despite our best efforts, Racquet Film will not be held liable for any damage or loss of property for reasons beyond negligence during processing, and we have no control over the duty of care Australia Post or any affiliate postal service exercise while your precious cargo belts across our great nation. Did you know Ghandi shoots on a mint F5? Also worth noting, that submission of this form is your acceptance that you would like to, and are willing to pay for, our services rendered. We begin work as soon as rolls are received and redacting the form may incur a fee.
